Skills

- Extensive understanding of JavaScript (Basic Data Types and Operators Variables Compound Expressions Boolean data type and logical operators Looping Functions Arrays and Loops Objects Array and String Methods), getters, setters, promises and API usage
- Good understanding and knowledge of Python (Basic Python Syntax, Looping, Strings, Lists and Dictionaries)
- Adept understanding of data analytics using R programming, Excel and SQL queries and sharing data through Tableau
- Basic understanding of using command line incorporating git and github to manage and use version control with files to automate the process
- Extensive understanding on WordPress and cPanel usage along with Knowledge and experience working with Search Engine Optimization for my own websites
- Have prior self experience in C++ and delphi
- Adept understanding of the Vue.js framework, building projects using the Vue CLI, passing different functions/variables between the various components, eliminating redundancy using reusable code and using vue directives to achieve whatever is needed.
- Extensive knowledge of the Bootstrap 5 toolkit/framework using their custom components and modifying them to my liking.

Experience

Appliance Man / Lead Generator

January 2015 - July 2021, JOHANNESBURG, SOUTH AFRICA

Generated various leads using PPC marketing for new jobs to be evaluated and repaired by technicians in Johannesburg and Pretoria. My daily tasks would involve:

- Technician allocation based on their current location
- Contacting clients via contact form submissions for new job opportunities
- On call support for clientele for new job bookings and support on technician lead times
- Insurance report completion requests

Niche Electronics / Owner of eBay store

March 2015 - Now, JOHANNESBURG, SOUTH AFRICA

Selling niche electronic components and products worldwide (mostly Vacuum tubes/valves used in amplifier systems) using FedEx shipping. My daily tasks would involve:

- SEO optimization of current listings
- Packaging and shipping of each product sold
- Communicating directly with the client base on product arrivals and the latest deals offered
- Excel spreadsheets for trading stock inventory (stock taking, stock count)

Niche Electronics / Partner

March 2015 - Now, JOHANNESBURG, SOUTH AFRICA

Website and SEO upkeep done part-time for the business website. I did home network setups occasionally. The website was built by myself using Wordpress.

- Website upkeep and SEO optimization on a limited budget for Niche Electronics (website was built myself via WordPress in 2015)
- Social media optimization on Facebook page
- sales and upkeep via various group sales listings on Facebook
- PPC advertising for the Facebook page using Facebook ads along with product keyword research
